### Grade Two:

Mrs. Kirsten House  
Mrs. Kristina Muldoon

### Librarian and GRASP Associate:

Ms. Kimberly McDanald

In the Admission department, we have restructured responsibilities to reflect the important role that staff members play in the next school placement process. Mrs. Lindsay Spector will assume the new title of Director of Enrollment Management and Mrs. Alison Collins will serve as Assistant Director of Enrollment Management.

Mr. Ryan Manalo, who joined our team last August, will continue his successful work in an expanded role as Director of Campus Programs. In this position, he will continue to teach selected Physical Education classes, coordinate our extended-day and enrichment programs and serve as our school-wide diversity officer.

We are currently engaged in a thoughtful search for an Assistant Director of Advancement to join the staff in August. The person in this position will support the work of Mrs. Cindy van den Beemt, our development consultant, and work with parents, alumni, faculty and administrators to coordinate our important development initiatives.

With the exception of Mrs. Kate Shurts who will begin her family in late July and remain at home thereafter, all other faculty and staff members will return in the positions to which they are currently assigned.
