Dear PDS Community,

We are writing today to offer a brief update regarding the Head of School search. As you know, Scott Lawrence will be completing his tenure at the end of this school year.

The Search Committee has been hard at work reviewing candidate materials and engaging in interviews with candidates. The Committee is very pleased with the strength of the candidate pool at this juncture, which is a great testament to the strengths of our community and school.

We do expect to be in touch in the early weeks of February with more specific information as we plan to introduce finalist candidates to the community. We are working through the challenges of Covid protocols as we plan next steps, but please know that there will be opportunities for you to meet the candidates via Zoom.

Thank you in advance for your support of this important process for PDS.

All our best,
Alla Iaquinto and Jennifer Miller
