### About The Primary Day School:

Founded in 1944, The Primary Day School in Bethesda, Maryland, is a school for boys and girls from Pre-Kindergarten through Second Grade. We are the only school in the area that focuses exclusively on children in this unique age group, and we do so for a very important reason. These are the most crucial learning years in children's lives, a time when they are bursting with potential, ready for quantum leaps of development. At Primary Day, everything we do focuses on helping young children flourish—as learners and as people—during this vitally important time of life. The Primary Day School was founded as a demonstration school for the Phonovisual Method, a unique, phonics-based approach to teaching reading and language arts that remains vital to each student's educational journey today. To learn more about our school and its community, curriculum and traditions please visit [www.theprimarydayschool.org](http://www.theprimarydayschool.org).
