Why do you need the Tuition Refund Plan?

Your financial obligation to the school is for the full annual tuition as stated in the school's enrollment contract. The school cannot refund tuition or cancel unpaid obligations if a student is forced to withdraw during the academic year.

If your student withdraws, the Tuition Refund Plan will pay benefits (subject to the terms of the policy and the amount insured) to the school, which provides substantial assistance in meeting your financial obligation.

Every year, thousands of students must withdraw from private schools. The following are examples of reasons why:

- **Sport Injury**
- **Mononucleosis**
- **Automobile Accident**
- **Death of Student**
- **Psychological Problem**
- **Respiratory Infection**
- **Mental Health Conditions**
- **Other Medical Conditions**

This leaflet explains how to protect your tuition commitment against unforeseen medical withdrawals. The Plan provides substantial insurance protection at a modest cost.

What the Plan covers

Withdrawal or absence for medical reasons

- The Plan will pay 100% of the unused yearly insured fees, less a four day deductible period, provided the student's injury or sickness forces the student to withdraw from school or medical absence lasts for more than four consecutive days (including weekends and holidays).
- The Plan will pay 60% of the unused yearly insured fees, less a four day deductible period, provided the student's mental health condition, as referenced in DSM V, forces the student to withdraw from school or medical absence lasts for more than four consecutive days (including weekends and holidays).

Definitions and conditions

- The "academic year" (referred to as "period of coverage" in the policy) upon which benefits are based consists of the actual calendar days in the school year (including weekends, holidays and vacations) beginning with the first day of formal academic instruction (excluding pre-season athletic practice, orientation, registration and graduation days) and ending with the last day of formal academic instruction, including examinations.
- "Withdrawal or absence for medical reasons" means complete, involuntary severance from classes as certified to and regularly treated during the period of coverage by a legally qualified medical practitioner, not related to the student.
- "Injury" means bodily injury caused by an accident. The accident must occur on or after the effective date of the student's coverage.
- "DSM V" is the American Psychiatric Association's Diagnostic and Statistical Manual.

Definitions and conditions (continued)

- “Unused yearly insured fees” means the portion of the insured fees paid or payable by the insured student/parent for the remaining time in the current school year after the student’s withdrawal. (i.e., the prorated tuition insured from date of separation to the end of the academic year.)
- Medical benefit period ends immediately upon student’s resumption of classes at any school or upon becoming gainfully employed.
- Under this policy coverage ceases on the last day of formal academic instruction by the school for any reason.
- Withdrawal must result in the loss of scholastic credit at the school.

Coverage is effective under the Plan as follows:
